## True Colors/One on One LGBTQ+ Mentoring Application

### Background Information:

Youth mentoring programs have had a profound effect on the quality of life for disadvantaged, single-parent or otherwise 'at-risk' identified children all over the country and around the world. Nationally, the well-known mentoring program, Big Brothers/Big Sisters, found that mentored children were significantly *less* likely than their peers to use illegal drugs or alcohol, skip school or be welfare dependant as adults. In addition, these children were significantly *more* likely to graduate from high school and from a college or university.

Connecticut results are similarly positive: One survey of caseload files of children in mentoring relationships found that 77% improved school grades; 63 % improved school behavior; 93% stayed free of drugs or alcohol or both and 96% stayed out of gangs! These are impressive results! Clearly, mentoring makes a difference!

The True Colors Rise Mentoring Program seeks to expand the quality of life benefits of mentoring to an additional group of at-risk youth – Lesbian, gay, bisexual and transgender (LGBTQ+) youth. LGBTQ+ youth meet all of the requirements for inclusion in an "at risk" or "high risk" category. All too often, youth who are (or who are perceived to be) LGBTQ+ are met with harassment and violence at home, at school, and in the community at large. The social isolation and stigma attached to sexual minority status leads to significantly higher rates of substance abuse, suicide attempts and completions; truancy; school drop-outs; running away and homelessness. For a variety of reasons, existing programs – virtually without exception – overlook or ignore the needs of LGBTQ+ adolescents. Understanding the issues that these young people face can create an environment where they can benefit from the adult caring and support that is at the heart of mentoring.
